

# 2018/2019 Committee Feedback

## Some Information from your new 2018/19 Committee.....

We had our first committee meeting on Monday 23 April. All barring Mike and Laurie who are overseas attended. An extremely constructive and proactive meeting was held.

We managed to nail down the club's requirements for the year and have assigned these as specific tasks to the committee members. This is a departure from the past where we allocated portfolios which were perhaps not as focused.

We were unfortunately unable to confirm position of vice chairman because not all committee members were present or had been consulted at time of meeting. We hope to finalise this important position once all parties are available.

We also felt that our members should know where their fees go each year. I took the liberty of preparing and presenting a 2018 financial budget that was fairly specific in terms of the requirements, the rand-value and the committee members responsible for the spend. The committee considered the budget and it was accepted.

We revisited the issue of control over our bank accounts and Martin Connolly, Adi Ting Chong and Nicci Kannemeyer will have access to our accounts and the resolution for this was sent to our bankers today.

The Tasks (besides normal operational issues are as follows):

Robert - New Member liaison / Membership drive /refreshments and gazebo management at 3 Races (as we have had one already)

Martin - Continuing his good work co-ordinating the ordering and management of our kit and kit supplier/s

Nicci - Club Secretary responsible for the operational side of our bank accounts and club administrative requirements.

Mark - Club Weekend Ride Captain, also deciding on how and when we spend the "scone/ride" budget on members to the max effect.

Mike - Ride Captain of the Looseners on Saturdays. Specifically, in conjunction with Mark.

Erica - To implement the club specific functions we decide on in the budget – can call for assistance from whatever quarter that is required.

Laurie - Responsible for clear communication to the membership...also looking at alternate methods of comms in the online and digital fields and getting us "out there"

Derwyn - Immediate Past Chairman. Actively passing on the knowledge base of the WCE as well as all club activities. Delegations of tasks relating to WCE.

Adi – Financial and Commercial oversight of the club.

Philip - Improving the “Member Experience” with the assistance of your committee. Also WPC Liaison, and working under Derwyn’s supervision for the WCE.

The budget we confirmed is as follows. I have also included last year’s spend as well as the individual responsible for this year’s spend. Please note this is a budget and we are a committee that is going to do their best to serve you. There might be some small tweaks that are necessary but we will cross that bridge if required

## The Koeberg Sunset Cruise

Great news is that the 2018 Koeberg Sunset Cruise's maiden voyage is due to depart on 2 May. From early to end May the sun set times will be gradually decreasing from 18H05 to 17H45. During June the sunset times are all about 17H45 and from July they start moving later again. The Sunset Cruise is a great break from the normal training and animals to look out for are Zebra, Eland, Grysbok, Steenbok, Widebeast, Bontebok and Springbok. Caracal, Bat-eared fox, Cape Hare, the African Wild Cat, Grey Mongoose, Porcupine and the Large Spotted Genet can also be seen. A small herd of Gemsbok was added but they seem to have made the Northern part of the reserve their home and this is out of bounds for us. For twitchers, more than 150 species of birds have been recorded including the African Fish Eagle. Snakes....there are lots of them but fortunately they will be fast asleep. The wandering Leopard has been seen several times there so now is considered an inhabitant which is exactly why no-one gets left behind.

We are very fortunate to be granted this opportunity and please be aware that it can be withdrawn at a moment's notice. Permission is subject to the following rules.

## Recycle (sorry, couldn't resist!) Your Old Kit

We will be dropping off an Outriders donation box for your old or unwanted cycling kit at Cycles Direct. There will be a box in the shop where we hope to collect some recycleable (done it again!) or re-useable kit. Once we have a collection or reached a point where Cycles Direct start complaining for all the space we're taking up, we will make arrangements to hand over to PPA and assit some up and coming aspirant riders that simply cannot afford to purchase their own kit.

Please pop in to drop off any of your kit that would be useful to the less fortunate. I know its nothing to do with anybody 'outgrowing' their existing kit !
